

Let's see if -ms can number pages in the header or footer, using .OF
& .EF or .OH & .EH.

Pno test

How hard can it be? After all, it's described in the manual, innit?

Oh-oh, not off-by-one, but off-by-n. Fruit-loops!

```
!groff -Tpdf -dpaper=a5 -P-pa5 -P-l -ms /home/erik/misc/typset-  
ting/src/test2.ms > /tmp/groff_test2.pdf
