

Paragraphs with multiple leading in PdfPCells really works great!	Paragraph with multiple leading 1.2 Paragraph with multiple leading 2.0 Paragraph with multiple leading 3.0 Paragraph with multiple leading 4.0
---	--

It seems the spacingBefore measure of the first paragraph in the document (or on a page) is not recognized, this one has spacingBefore set to 50.0.

This one has a spacingBefore amount of 50.0 too!

Paragraphs with multiple leading in document doesn't currently seem to work ...

Paragraph with multiple leading **2.0**
