PHP Web Developer

About The Company

For more than 90 years, UJA-Federation of New York has been a central force for communal planning and philanthropy in the New York Jewish community. We bring people together to support Jewish life, help those in need, and impact the issues that matter to us most as Jews and as New Yorkers. Working with more than 100 network beneficiary agencies, synagogues, and other Jewish organizations, our reach spans from New York to Israel to more than 60 other countries around the world, touching 4.5 million people each year.
