Good Day,

I am Mr. David Ibe, I work with the International Standards on Auditing, I have seen on records, that several times people has divert your funds into their own personal accounts.

Now I am writing to you in respect of the amount which I have been able to send to you through our International United Nations accredited and approved Diplomat, who has arrived Africa, I want you to know that the diplomat would deliver the funds which I have packaged as a diplomatic compensation to you and the amount in the consignment is \$10,000,000.00 (Ten Million United State Dollars)

I did not disclose the contents to the diplomat, but I told him that it is your compensation from the Auditing Corporate Governance and Stewardship, Auditing and Assurance Standards Board. I want you to know that these funds would help with your financial status as I have seen in records that you have spent a lot trying to receive these funds and I am not demanding so much from you but only 30% for my stress and logistics.

I would like you to get back to me with your personal contact details, so that I can give you the contact information's of the diplomat who has arrived Africa and has been waiting to get your details so that he can proceed with the delivery to you.

Kindly forward your reply to; (davidibe@usa.com)

Yours Sincerely,

Mr. David Ibe
