Quote #1 (a long one..)	The fallacy is to believe that under a dictatorial government you can be free inside. Quite a number of people console themselves with this thought, now that totalitarianism in one form or another is visibly on the up-grade in every part of the world. Out in the street the loudspeakers bellow, the flags flutter from the rooftops, the police with their tommy-guns prowl to and fro, the face of the Leader, four feet wide, glares from every hoarding; but up in the attics the secret enemies of the regime can record their thoughts in perfect freedom ? that is the idea, more or less.	
Quote #2	It is fatal to look hungry. It makes people want to kick you.	
Quote #3	He had two subjects of conversation, the shame and come-down of being a tramp, and the best way of getting a free meal.

Quote #4 (a long one..)	Being a beggar, he said, was not his fault, and he refused either to have any compunction about it or to let it trouble him. He was the enemy of society, and quite ready to take to crime if he saw a good opportunity. He refused on principle to be thrifty. In the summer he saved nothing, spending his surplus earnings on drink, as he did not care about women. If he was penniless when winter came on, then society must look after him. He was ready to extract every penny he could from charity, provided that he was not expected to say thank you for it. He avoided religious charities, however, for he said it stuck in his throat to sing hymns for buns. He had various other points of honour; for instance, it was his boast that never in his life, even when starving, had he picked up a cigarette end. He considered himself in a class above the ordinary run of beggars, who, he said, were an abject lot, without even the decency to be ungrateful.	
Quote #5	All Spaniards, we discovered, knew two English expressions. One was "O.K., baby", the other was a word used by the Barcelona whores in their dealings with English sailors, and I am afraid the compositors would not print it.

Quote #6	Human beings were behaving as human beings and not as cogs in the capitalist machine.	

Here the table ends.
