Call for Papers

The Centre of Electrical Power Engineering Studies (CEPES), Faculty of Electrical Engineering, Universiti Teknologi MARA (UiTM), Malaysia will be organizing The 3rd International Power Engineering and Optimization Conference 2009 (PEOCO2009). This conference will take place on 3-4 June 2009 at Shah Alam, Selangor, Malaysia. The aim of the conference is to provide a platform for engineers, academia and researchers to disseminate and discuss their current research findings and also to explore recent development, current practices and future trends in Electrical Power Engineering and Optimization techniques.

Submission of Full Papers

We would like to invite local and international participants to attend and present their papers. Authors are invited to submit and present their original, unpublished papers in the following areas but not limited to:-

- High Voltage Engineering
- Distributed Generation, Fuel Cells and Renewable Energy Systems
- Power System Stability
- Power Systems Communication
- Power Quality
- Power Engineering Education
- Power Electronics and Drives
- Power System Optimization
- Power System Reliability
- Power System Planning and Operation
- Protection Systems
- ANN Applications in Power and Energy
- Power System Transmission & Distribution

Prospective authors are invited to submit their full papers in English by e-mail to:
ismailbm@salam.uitm.edu.my,
peoco2009@yahoo.co.uk,
m_nawawi2002@yahoo.co.uk

All submitted full papers will be fully reviewed by our international reviewers. Authors for selected papers will be invited to submit their extended version of the papers for consideration of publication in the International Journal of Power, Energy and Artificial Intelligence (IJPEAI) or Journal of Electrical and Electronic Systems Research (JEESR).

Paper Format:-

Paper size – A4, 2 Column, single spacing
Text Font size – 10 Times New Roman
Title Font size – 24 Times New Roman
Right & left margin – 0.65 cm
