

## CAREER OPPORTUNITY

### Sales/Customer Service Representative

Target Integration is a Web and Software Development company based in Dublin, Ireland. After working in the business of Web Design and Development for a number of years; Target Integration are now thinking of moving in the area of Business Process Outsourcing and Technical Support.

We have a vacancy for a Sales Representative for making cold calls on behalf of our client. It's a part time job with possibility of becoming full time in next couple of months. The job is for an enthusiastic, self-motivated, self managed person with good telephonic skills and a flair for sales. A customer oriented person who can be flexible in his job to provide a high level of customer service.

The job is for standard working hours from 10am to 6pm. Your duties and responsibilities will include:

- Calling business customers on behalf of our client to sell their Business Services
- Sell additional Value Added Services from Target Integration to the customers
- Answering incoming telephone calls and responding to customer correspondence
- Liaising with our clients to provide service/support to their customers
- Resolving difficult account/installation/service issues independently and/or with other members of our client

Experience:

- Some customer service experience is desirable but not necessary
- Fluency in English
- Good Computer Skills
- Good Internet and E-mail skills
- Flair of new technologies and learning new skills
- Ability to work on your own initiative. Self management is very important for this role

Please forward your application details to [info@targetintegration.com](mailto:info@targetintegration.com) not later than Friday, 20<sup>th</sup> September 2008
