WORK EXPERIENCE

Tableau developer (Freelance)

Interactive real Estate analysis with Data visualization

01/2015 – 08/2015

Roles

- Building, publishing customized interactive Charts (Pie chart, bar graphs etc) and dashboards, report scheduling using Tableau server.
- Created action filters, parameters and calculated sets for preparing dashboards and worksheets in Tableau.
- Restricted data for particular users using security and User filters.
- Developed Tableau visualizations and dashboards using Tableau Desktop.
- Provided support and assistance to team in understanding dashboard and visualization. Efficiently manage time for timely project deadlines as well as ad hoc requests.

Tableau developer (Freelance)

Customer Segmentation Analysis/Dashboard/Storytelling

10/2015 – 08/2016

Roles

- Created an advanced dashboard with sales data in different regions of US. We have used a custom SQL query to fetch data from data source, since it was a cross database join and data types of fields were different. I have made well to showcase profits and sale in different regions with various dashboard actions and layout settings in it.
- Designed and deployed reports with Drill Down, Drill Through and Drop-down menu option and Parameterized and Linked reports using Tableau Server and desktop 9, 10.
- Creation of metrics, attributes, filters, reports, and dashboards. Created advanced chart types, visualizations and complex calculations to manipulate the data.
- Created one dashboard to show the tasks status in a department with list of pending tasks showing in a descending order for their priority.

Tableau developer (Freelance)

Custom Reports | Weather forecast Analysis dashboard

09/2016 – 02/2017

Roles

- Generated tableau dashboards for sales with forecast and reference lines.
- Generated tableau dashboards with combination charts for clear understanding.
- Used excel sheet, flat files, CSV files to generated Tableau adhoc reports.
- Generated context filters and used performance actions while handling huge volume of data.
- Created Tableau Dynamic dashboards using stack bars, bar graphs, scattered plots, geographical maps, Gantt charts, Pareto charts using parameters and dynamic tool tip.
- Designed Tableau Reports, graphs and dashboards as per requirements.
