

Dear Friend,

I am Kelvin, I serve as Fund Executive Manager of Stanbic Bank Ghana. In 2009, A customer made a fixed number deposit value of \$24.6million.

This investor died four years ago leaving no WILL or AUTHORIZATION for Re-transfer of his funds to his next of kin. After twelve months investigation I conducted secretly, there were no immediate next of kin in the deceased official documents with Stanbic Bank; this created an avenue to claim the funds and be put to use by investing through someone who will stand as the inheritor.

If interested, Please contact me and I will present you as the beneficiary with proper Documentation and further updates for the transfer.

I look forward to your response.

Sincerely,
Kelvin Asamoah
